

# "One For The Road"

December 5, 2024 at the Log Cabin Banquet and Meeting House, Holyoke, MA

Frank Sinatra and Dean Martin were best of friends, some would even say brothers. The fact that they were two of the biggest stars of the 20th century was beside the point. One For the Road pays

homage to these "brothers" and to an bygone era of swagger and living life to excess.

Patrick Tobin and Jimmy Mazz come together to bring you the ultra cool personalities of "The Chairman Of The Board" and "The King Of Cool". Patrick's look and sound of Sinatra is amplified as he belts out hit after hit while his dry wit is sure to strike your funny bone. Jimmy portrays Dean's signature look, swagger and smooth vocal style as he sings the hits while delivering the one-liners and jokes that made Dean a phenomena. Together these two bring back old Vegas, with a new twist or two as they're sure to wow you with their wit and classic style entertainment. Ring a ding ding bada Bing!
